

Sample

Bleed Area (“No White Border” Line)

Bleeds allow you to run artwork to the edge of a page. The artwork is printed on a large sheet of paper and then trimmed down to the Trim Box. Standard Bleed is 0.125 inches.

Trim Box (Cut Line)

This is the dimension of your finished card, 6” x 4”. Postcard will be cut along this line.

Text Zone (Safe Line)

For best results, keep all text, important images, and logo within this box. Also known as the margins, or safe zone.

After your artwork is finished,
DELETE THIS TEMPLATE.
